

Textual and Graphical User Interfaces for Blind People

THE GUIB PROJECT

Published by Scientific Research Unit, Royal National Institute for the Blind on behalf of the GUIB Consortium.

The GUIB project was carried out under the Pilot phase of the Tide program (Technology Initiative for Disabled and Elderly people). Tide is a pre-competitive technology initiative of the European Community specifically aimed at stimulating the creation of a Single Market in Rehabilitation Technology in Europe. For further information, please contact Tide Office, DG XIII C5, Avenue de Beaulieu 29, B-1160 Brussels, Belgium.
